Notes: To be read in conjunction with tables

The charge for electrical work carried out by an unqualified person will include a supplementary charge to cover the whole cost of employing a specialist contractor to inspect and test the work.

Extension charge includes alteration to provide access into extension. A separate charge applies for any other alteration.

Loft conversion charge includes alteration to provide access and additional support. A separate charge applies for any other alteration.

All charges assume that services, including electrics, are self-certified under an appropriate competent person self-certification scheme.

A supplementary charge will be applied for any notifiable electrical installation work that is not self certified.

A supplementary charge may be applied for any specialist consultant advice or services.

A 50% reduction will apply to the charge for the alteration where the work is carried out at the same time as an extension shown in table B.

Seek an individual charge for all other work

A supplementary charge may be applied where assessment factors change and/or actual time spent is greater than original estimate

Example Charge Calculation: Floor area for extension includes the total internal area of ALL the storeys e.g. rear two storey extension 24m² + internal alteration estimated cost £5000 = Table B category 8 (other extension 24m²) + 50% Table C category 4
